

A Message from **Richard Cretsinger**

The weather here in Utah has always been unpredictable. Some years an Indian Summer requires us to keep our mowers running well into the fall, while other years we see snow sticking to the valley floor in early October. With the possibility of getting our first big snowstorm any day now, it is important to get your plow serviced before it's too late. Don't let the snow and ice surprise you this year, come in to United Service and Sales today and check out our BOSS salt spreaders while you service your plow. We look forward to seeing you soon.

Blown Away by our Customers

The United Service and Sales customer appreciation day, held on September 16, 2010, was an excellent event full of good fun, great food and fantastic prizes. We enjoyed the opportunity to connect with customers, while enjoying a delicious lunch provided by Siegfried's Sausages. While several attendees went home with prizes, everyone went home with a full belly.

The highlight of the day was the handing out of prizes ranging from gift cards to a \$500 RedMax backpack blower and a \$250 RedMax chain saw. Ken Flitton was the proud winner of our www.plowandmowerexperts.com website drawing for the RedMax backpack blower, and Ken Lindsay walked away with the RedMax chain saw.

Thank you to all who attended our customer appreciation day. It is important for us to show our gratitude to our customers for their continual support. For those who were not able to attend, we hope to see you at our next customer appreciation event this spring.

Vision X Lighting Now Available

It is our priority to have the highest-quality products available to our customers. With that goal in mind, we are excited to announce that United Service and Sales is now selling Vision X lighting products. Vision X lighting is developed by a team of world class engineers, resulting in superior products that combine top performance and functionality.

Come in to United Service and Sales and find out how you can meet your lighting needs with Vision X.

Break the Ice

Come in and buy your BOSS salt spreader today for fast and efficient ice removal this winter. With your purchase, the United Service and Sales service team will install your salt spreader for free.
