

A Message from Richard A Great Big Thanks

The United Service and Sales team and I always look forward to our customer appreciation events. We always leave feeling increased gratitude for our loyal customers and friends who make us happy to go to work each day. Our latest event was especially enjoyable, with delicious lunch, prizes and promotions.

We were excited to offer attendees a FREE BOSS Snow Deflector if they scheduled

an install date for their BOSS plow at the event. Snow deflectors are highly recommended to use while plowing, so this promotion was a fantastic perk for our attendees!

If you weren't able to make it to our event and you don't have a snow deflector, please call me today and I will get you set up for the snowy days ahead. Thank you to all of our attendees for making our winter customer appreciation event a special day! We hope to see you all at our next event this spring.

Our Latest Addition: Cub Cadet 700 Series

Cub Cadet[®]
FIFTY **50** YEARS
SINCE 1961

We are proud to announce the latest addition to United's high quality line of products, the Cub Cadet 700 Series Snow Thrower. With three modes for use on hard-packed or icy snow, this track drive snow thrower can take on the most challenging surfaces with ease. Heated hand grips and Zero-turn Posi-Steer™ make for the ultimate in comfort and quick, easy turning. To learn more about this fantastic new product, visit www.PlowAndMowerExperts.com.

No Truck? No Problem.

United's team of expert technicians can get you ready to plow this winter, truck or no truck. This year, we have completed multiple custom BOSS plow installs on non-truck vehicles, including Jeep Wranglers, a Ford Powerstroke van and UTV's. Come talk to us today about adding a BOSS plow to your Jeep Wrangler, UTV or other vehicle. Remember, you don't need to have a truck to enjoy BOSS.
